

14th International Young Researchers Workshop on Geometry, Mechanics and Control

Göttingen, December 16 – 18, 2019

Daniele Angella (Firenze)

Cohomological and metric aspects in complex non-Kähler geometry

Gabriella Pinzari (Napoli)

Some application of perturbative theory to the N-body problem

Dimitra Panagou (Michigan)

Multi-Agent Control for Safety-Critical Systems

JunProf. Dr. Madeleine Jotz Lean
Mathematisches Institut; Georg-August-Universität
Bunsenstr. 3-5; D-37073 Göttingen
